

The funniest Annual General Meeting you'll ever attend!

Come laugh it up at CASLI S Ottawa's AGM at Yuk Yuk's KomedY Klub, **Thursday, May 12th, 2005**. The comedians have been warned that there will be *librarians in the house*, so be ready for an onslaught of targeted jokes and laughter. This should be the funniest AGM you'll ever attend, at least the most intentionally funny. Hmmm.

Bring your friends and colleagues along. Whether or not they are librarians, they can laugh in front of your back, instead of behind it! There are two parts to the evening, the AGM, which is free and includes **finger foods suitable for a straight man**, and later the show where you can order more drinks and food in the theatre (8 pm sitting, 8:30 pm show starts).

Date: Thursday, May 12

Time: AGM from 6:30 pm to 8 pm
Show sitting at 8 pm, show at 8:30 pm

Location: 88 Albert Street, Ottawa (AGM in Banquet Room, Show in Yuk Yuk's theatre in the next room over)

Price: **\$10** show if you rsvp by May 10, **\$40** after May 10/ AGM portion & FOOD is free, BOOZE not free.

Online register by May 10th: <http://www.caslisottawa.on.ca/register.html> or pay \$30 more afterwards!
And that's not funny.

AGM Agenda:

1) Fascinatingly, unfunny overview to the past year including a president's report on how CASLI S-Ottawa revolutionized the Ottawa IM community and is leading the country on IM convergence. No laughing allowed! Whoever yawns the loudest, during John's speech gets a special prize.

2) What you would do if you were dictator of CASLI S-Ottawa with unlimited power? A feedback session on suggested events (with prizes - not based on the quality of your ideas, but on quantity which may improve your odds of winning) and open floor on anything else, except unfunny criticism that hurts our feelings.

3) Quickie nominations from the floor or standing up, followed by elections for executive.

4) PREFERRED TERM	Networking
USE FOR	Smoozing, rubbing shoulders, networking, gossiping, sharing knowledge, chewing the fat
BROADER TERM	Socializing
RELATED TERMS	Professional development, being nice, conspiracy, plotting, scheming, partying

5) And, let's debate the issue, is the **golden retriever** a suitable spirit animal for librarians? Point counterpoint! Let's hope we will be adjourned beforehand, without having to ponder the link of golden retrievers as symbols of our new golden age of information retrieval. We must remain serious.
